To whom it may concern.

This is to confirm that over the past 8 years, Rimac have exclusively installed our racking in 3 of our facilities Cairns, Brisbane and the Gold Coast totalling approximately 300,000 box spaces.

The proprietor, Ian Charman has always supervised the jobs and has been attentive and obliging on each occasion and we continue to use Rimac's service to this day.

We take great pleasure in recommending this firm for any racking installations and would be happy to discuss it further if necessary.

Kind regards
Total Records Management (Aust) Pty Ltd
